SUMMARY OF ISSUES DISCUSSED AND COMMENTS RECEIVED

George Dominguez of oxygenated Fuel Association (they are methanol producers) has formed an MTBE coalition. He said their MTBE committee involves manufacturers, importers, engineering and technology. I asked if he knew of any importers (I thought we were exporting) he said they didn't have any importers at this time. Dominguez is requesting all 8(a) & 8(d) information be sent to his office and EPA. He is working with manufacturers to see that the Feb. 12 deadline is met. Their MTBE committee has 3 Task forces:

- 1) Health effects - Steve Eielson, ARCO, chair
- 2) ~~Exposure (includes groundwater)~~

3) Economic impact

~~He will review information and~~
~~has analysis ready by end of Feb.~~ Dominguez requested a meeting with EPA the first week of March. I said I'd check on it and get back to him.
